I have a unique passion for technology that drives me, I have accumulated more than **8 years** of experience in the **cybersecurity** domain. In addition to this, I have also accrued **2 years** of knowledge in a relatively newer field such as **Artificial Intelligence**. I head the top managerial level with all executive powers and responsibilities as the CEO of CyberHakz Pvt. Ltd. and Director of Alfa Global Wealth Advisors Pvt. Ltd. I have learned many tools and programming languages such as **Python, SQL, Stable Diffusion, FLUX, OLLAMA** and much more. As a fun fact, I happen to love coding, listening to music and also enjoy driving!!
